(+gst)

Generally we find that either Morning or Arvo Tea is plenty, having both is often just too much food, and AT is probably best as its usually a longer gap between lunch and dinner, but all preferences are possible.

All our meat and eggs are free range, and much of our veg and dairy is organic or spray free and local. We only use cold pressed oils. If you required a fully organic menu this would attract a \$12 pp surcharge daily.

Wild caught seafood can also be included for a surcharge depending on seasonal costings

All dietary requirements and allergies (not just preferences) can be accommodated HAPPILY, but we do ask that people are very clear about what they really can't eat, for example, it's amazing how many dairy free people make the exception for haloumi, this is TOTALLY fine if we know that before we go to the trouble of providing an alternative.

Ours is a full service, we plan, shop, prep, serve and clear for all meals, this way you can focus completely on your guests and activities, and not worry in the slightest about this important element of your retreat.

For all Sunshine Coast events we do not need to stay overnight as we live locally. We do charge a small fee for jobs over 40mins away to cover fuel and travel time, and require accommodation for jobs that are over an hour away

*Thank you, Claudia & Jon.*
